I don't know why EC would refer the person to us. If it is a site where soil remediation is occurring, the homes in the Superfund zones already are getting filters.

Mary: Can you please have someone follow-up on this?

Thanks.

Tom

Tom, Do you have any idea why the city is referring citizen questions to us? Should we refer this to IDEM or assign someone to follow-up?

Subject: Citizen in East Chicago calling about lead testing

Hi Rita,

I received a phone call from a resident of the East Chicago area named Citizen Name / Ex. 6 who said that the city tested his water for lead. The reading indicated a high level of lead, and the city said he should contact us for further information.

Would someone in your section be able to reach out to him? His number is Personal Phone / Ex. 6

Thanks,
